

Let It Ride Bonus Rules

1. Let It Ride Bonus is based on Five Card Stud Poker. Each player will place three equal bets for each round of play, known as Bet#1, Bet#2, and Bet \$.
2. A player's hand must have a pair of tens or better for them to qualify for a basic payout. Each player has the option of placing an additional \$1 Bonus bet that gives a bonus payout based on the five-card hand. The optional 3 Card Bonus bet pays if your initial three cards contain a pair or better.
3. When the cards are dealt, each player receives three cards, and the dealer has two community cards. Once the players have looked over their cards, they can either withdraw Bet #1 or Let It Ride.
4. Once each player has decided what to do with Bet #1 the dealer will turn over the first community card. After everyone has looked over their cards again, they can withdraw Bet #2 or Let It Ride.
5. After all the players have decided on Bet #2 the dealer will turn over the last community card.
6. The two community cards are used with each player's hand to complete a five-card hand.
7. Maximum aggregate payout is \$25,000 on a single round of play, not including any bonus payouts.
8. Minimum and maximum betting limits and payout odds will be posted at the table.
9. Side betting between and amongst players, with or against the house is prohibited.

Let It Ride Terms:

1. Community Cards - Two cards that are dealt to the dealer and used to complete each player's hand.
2. Hand - Five card hand made by combining the player's three cards and the dealer's two community cards.
3. Let It Ride - Term used when the player decides not to take back 1 or more of their bets.
